

## God Does Not Change or Lie

Humanly speaking the only constant in life is change.

Living in a fallen world means not everything we hear or read is true.

All human-based things can be wrong.

How do we deal with change and knowing the truth?

We give our lives to and trust a God who does not change and who does not lie.

Numbers 23:19 (ESV)

Because God does not change and does not lie:

We can trust Him

By trusting Him we obey Him

By obeying Him we show the world the truth of who He is

It also allows us to worship Him.

Since everything earthly changes and because the world is fallen and full of lies and deceit; what are you depending on to give your life a stable foundation and provide security for you?

Let the unchanging God who never lies be your foundation and security.
